

## Digital Finishing Group

---

### Automotive Services

<http://www.dfgus.com/automotive/index.html>

The automotive division of Digital Finishing Group has worked in the past to reduce design and manufacturing costs and shortening product time to market for the American automotive industry. Digital Finishing Group is a Troy, Michigan-based engineering and manufacturing firm, specializing in Computer Aided Engineering (CAE) and Finite Element Analysis (FEA). Its services include CAE services, contracted R&D, and manufacturing. It serves different sectors of the automotive industry, including:

- Sheet Metal Stamping
- Vehicle Crash Worthiness Analysis
- Durability Analysis
- Noise, Vibration, and Harshness (NVH) Analysis
- Vehicle Dynamics
- Material Database
