

Digital Finishing Group

BB50/HBC70

http://www.dfgus.com/mechbinding/automatic_binder.html#bb50hbc70

Two versatile, high speed semi-automatic models with binding edges from 2" to 27".

The BB50H automatically finishes hand-fed punched documents with Wire-O sizes from 1/4" to 1", up to 20" wide.

The BC70 offers the same features while extending the finishing width up to 27".

Utilizes shaped closing tools for each wire size from 1/4" to 1" to assure a smooth round close on each book. Includes skip binding capability and a high speed automatic calendar hanger feeder.

Call DFG today at (800) 480-4DFG to request sample books.
