WB50

http://www.dfgus.com/mechbinding/automatic_binder.html#wb50

WB50 is a semi-automatic wire inserter and closing machine, with calendar hanger capability.

WB- 50 automatically inserts wire and finishes binding on hand-fed pre-punched documents.

- Ultra-high productivity
- 2,000 cycles per hour (3:1 pitch)
- Calendar capacity
- Skip binding
- 900 to 1700 books per hour, depending on size and operator skill

The user-friendly touch screen allows easy control for most functions without tedious manual adjustment.

Call DFG today at (800) 480-4DFG to request sample books.

Test It Before You Buy It: Call to schedule a demonstration at our facility in Madison Heights, MI.
